

## CENTRAL EASTSIDE INDUSTRIAL COUNCIL QUARTERLY MEMBERSHIP MEETING

### Now Playing: CEID Under Siege! Can the district survive the orange-cone virus?

If those hundreds of little orange cones scattered throughout the district are having you see red and muttering foul words, you'll definitely want to attend our upcoming Quarterly Meeting.

The CEIC is bringing the representatives responsible for the various construction projects around the district together in one room. Find out how these projects all got started at the same time (the answers will shock you), when this 'orange-cone nightmare' will end, and how they plan on making the rest of construction go smoother for the businesses in the area.

You'll get information on the status of each project, the opportunity to complain and finally get your questions answered. Come network with other CEIC businesses and let these representatives know your opinions of the construction going on in your district.

**Space is limited - register today!**

**WHEN:** Thursday, April 1st (*Register by Monday, March 29*)

**WHERE:** Madison's Grill
